REACH – Declaration

Würth Elektronik GmbH & Co. KG is manufacturer of electronic products, thus - in the sense of REACH - it is a so-called “downstream user”. The products we supply to you are solely non-chemical products (goods). Moreover and under normal and reasonably foreseeable circumstances of application, the goods supplied to you shall not release any substance. For that, Würth Elektronik GmbH & Co. KG is neither obligatory for registration nor for the creation of material safety datasheets (MSDS).

REACH – Registration and obligations under Article 33 (SVHC)

All products supplied by Würth Elektronik GmbH & Co. KG are designated as products in accordance with REACH requirements and are therefore not subject to registration.

Solely substances and mixtures, whereof details prescribed in accordance with REACH (EU-MSDS) are available from sub-suppliers/distributors, are being used for production.

Moreover, Würth Elektronik GmbH & Co. KG assures to monitor and match updates of REACH requirements, especially supplements to the Candidate List of Substances of Very High Concern for Authorization, REACH-Annex XIV and the entry of substances in REACH annexes with the information about substances (see above).

The current Candidate List is available for consultation via the ECHA’s website:

http://echa.europa.eu/chem_data/candidate_list_table_en.asp

Würth Elektronik GmbH & Co. KG will inform its customers unsolicited once information is given that listed substances are contained in supplied products above the concentration of 0.1 % specified per REACH.

Würth Elektronik GmbH & Co. KG wants to point out that there is no legal obligation established for providing confirmation as far as no listed substances are included in the products supplied.

This product information is based on our current knowledge and experience. We take neither liability nor warranty for factors beyond our knowledge and control.

Independent of that fact, we are intensively pursuing the realisation of REACH on the part of our suppliers; we do that in our own interest and in order to guarantee a high level of product safety for our customers. We are in close contact with our suppliers of chemistry and prepared material (e.g. manufacturing supplies for manufacturing, processing and workmanship of our products or for the utilisation within other operative processes) and will implement the pre-registration and / or later registration of the relevant materials in REACH respectively in our process of supplier qualification.
